in Warning Notices**

- Individuals performing technician duties without an active registration.
- Technicians performing technician duties with no pharmacist on site.
- Technicians performing pharmacist-only duties with no pharmacist on site (results in emergency temporary suspension hearing).
- Pharmacists who do not verbally counsel a patient on a new prescription.

---

---

---

---

---

---

---

### Violations NOT Resulting in Warning Notices

- Pharmacy is not able to produce 2 consecutive annual inventories.
- PIC falsifies response to a Warning Notice.
- Pharmacies dispensing/shipping prescription drugs into other states without holding a pharmacy license in that state.
- Pharmacies compounding sterile preparations without proper licensure (e.g., Class A who should have a Class A-S pharmacy license).

TEXAS STATE BOARD OF PHARMACY

---

---

---

---

---

---

---

---

### Violations NOT Resulting in Warning Notices

- Egregious Conditions
  - Dispensing CII's pursuant to prescriptions not issued on an Official Form;
  - Excessive quantity of out-of-date stock (i.e., more than 25% of the inventory);
  - Pharmacy closed and did not notify TSBP of closing;
  - Operating without a PIC for an extended period of time (i.e., 3 months or more).

TEXAS STATE BOARD OF PHARMACY

---

---

---

---

---

---

---

---

### Violations NOT Resulting in Warning Notices

- Continuing threat – For example:
  - Impaired pharmacist on duty; or
  - Sterile compounding pharmacies who have extensive non-compliance with Board Rule 291.133 and will not voluntarily agree to “*cease and desist*” sterile compounding until conditions have been corrected.
- Both of these scenarios would result in an Emergency Temporary Suspension Hearing.

### Bullard pharmacist saves patient's life thanks to new law

Pharmacist Cy Baker, pictured Thursday March 17, 2016, saved a woman's life by administering an EpiPen, a device which treats life-threatening allergic reactions. (Sarah A. Miller/Texas Morning Telegraph)

Bullard pharmacist Cy Baker saved a woman's life, thanks to a new law enacted in Texas earlier this year.

A customer walked in the Brookshire's pharmacy in Bullard with her husband on March 4, visibly in need of medical attention. She asked for allergy medicine.

"It was pretty clear that she needed more than Benadryl, because her eyes were swollen shut, and she had trouble breathing," Ms. Baker said.

The Bullard native grabbed an EpiPen and injected the medicine into the patient's thigh. Ms. Baker said the patient felt better soon after and could breathe again. She monitored the woman for a while until the swelling had gone down, and she could breathe freely, as required. She then called 911, notified her physician and documented what happened.

Before, she would not have been able to legally administer the drug to a patient. In January, Texas legislators passed a law that allows a pharmacist to administer an epinephrine auto-injector to a patient in an emergency situation. It also provides liability protections for administering the drug.

## Current Issues

## Sunset Review

- Texas Pharmacy Act, Sec. 551.005.  
Application of Sunset Act.
  - The Texas State Board of Pharmacy is subject to Chapter 325, Government Code (Texas Sunset Act). Unless continued in existence as provided by that chapter, the board is abolished and this subtitle expires September 1, 2017.

---

---

---

---

---

---

---

---

## Sunset Review Time Line

- August 2015.
  - TSBP prepares a Self-Evaluation Report.
- October 2015 – March 2016.
  - Sunset staff reviews the agency.
- Late March 2016.
  - Sunset's confidential report issued followed by a joint meeting with TSBP to discuss recommendations, followed by Sunset's formal request for agency written response.

---

---

---

---

---

---

---

---

## Sunset Review Time Line (cont.)

- April 2016.
  - Sunset staff report published.
- June 23, 2016.
  - Sunset Commission holds a public hearing to receive public comment on the agency.
- Summer 2016.
  - Commission decisions are issued.
- January – May 2017.
  - 2017 Legislative Session

---

---

---

---

---

---

---

---

## Sunset Recommendations

- The Texas State Board of Pharmacy has established itself as a well-run agency capable of effectively responding to new regulatory issues and legislative mandates within its limited resources.
- Absent major problems with the board's basic duties, Sunset staff focused on the prescription drug abuse epidemic facing the country, which claimed 23,000 lives nationally in 2013 and was a constant backdrop to the review.

---

---

---

---

---

---

---

---

## Sunset Recommendations (cont.)

- Staff closely evaluated the board's new role over the Prescription Monitoring Program, the state's key tool for keeping track of the more than 11 million prescriptions distributed in Texas each year for highly addictive drugs such as Vicodin, Xanax, and OxyContin.

---

---

---

---

---

---

---

---

## Sunset Recommendations (cont.)

### Issue 1 – Key Recommendations

- Beginning in 2018, require pharmacists to search the Prescription Monitoring Program database before dispensing certain controlled substances.
- Require pharmacists to enter dispensing information in the Prescription Monitoring Program database within one business day of dispensing controlled substances.

---

---

---

---

---

---

---

---

### Sunset Recommendations (cont.)

- Authorize the board to send push notifications and to set related thresholds.
- Direct the board to create delegate accounts for pharmacy technicians, work to integrate the program with pharmacy software systems, and make trend data on dispensing publicly available.

---

---

---

---

---

---

---

---

### Sunset Recommendations (cont.)

#### Issue 2 – Key Recommendations

- Require the board to create a system of graduated penalties for late renewal of pharmacy technician registration.
- Authorize the board to deny renewal applications for licensees and registrants who are noncompliant with an existing board order.
- Direct the board to remove burdensome requirements that pharmacy licensure renewal forms be notarized.
- Direct the board to query a national disciplinary database before license renewal.

---

---

---

---

---

---

---

---

### Sunset Recommendations (cont.)

#### Issue 3 – Key Recommendations

- Continue the Texas State Board of Pharmacy for 12 years.
- The board should develop and implement a succession plan to prepare for impending retirements.
